

ACUVUE®

9th International ACUVUE® Eye Health Advisor® Symposium

Eye Health Advisor®

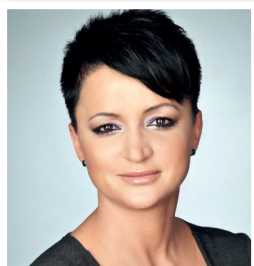

Warsaw, Poland, March 19-20, 2016

Johnson & Johnson Vision Care Companies invite you to the International ACUVUE® Eye Health Advisor® Symposium

The international ACUVUE® Eye Health Advisor® Symposium is one of the biggest and most eminent events of its kind held in Central and Eastern Europe. Attractive format, world-renowned lecturers and popular topics are among reasons why this conference has been attracting a large number of leading **Eye Care Specialists** from across Europe. **In 2015 the Symposium had a record number of participants: a total of 643 Eye Care Specialists representing over twenty countries from Europe and beyond.**

For the first time in history the symposium will be accessible for you via LIVE BROADCAST via the Internet so you can watch the happenings at the conference, watch all lectures and panel discussions in real time, without the necessity to travel abroad.

Join us for the Symposium LIVE BROADCAST and take the opportunity to expand your knowledge with the latest clinical findings thanks to a number of world-renowned experts who will share results of their clinical research as well as their practical experience.
